Now, I, Raja Kamaralzaman, Collector, Batang Padang, do hereby offer to the said V. R. S. As regards question No. (1) the Chairman states that the Sanitary Board as such have no powers in the matter except in regard to cancellation of licences of stall-holders in the markets, but that in regard to question No. (2) in the event of any concrete case being brought to notice enquiries will be made with a view to the cancellation of the licence of the stall-holder at fault.

In the discussion that followed the Board request the Chairman to inquire from Government whether there is any intention or possibility of instituting a general control of goods in this country.

18. Mr. Cooper also asks the further question:

Under section 23 of the Sanitary Boards Enactment, when the valuation for assessment is completed, placards in Malay, English, Chinese and Tamil must be posted in conspicuous places throughout the town indicating the place where the record of valuation may be inspected?

I wish to ask where these placards have been exhibited, and to propose the introduction of a rule whereby each registered owner shall be notified by circular of the amount of his assessment as is done in England.

The Chairman replies that these placards have been posted in twenty-one places in Ipoh, and produces a list of the places and copy of the placards, also list of places in the other towns.

The Chairman further adds that, in view of the provision made by section 24 of the Sanitary Boards Enactment for notice to be given to an owner or occupier of the property in all cases in which any property is for the first time assessed or the assessment thereof is increased, he does not consider any further separate notification to individual owners or occupiers to be necessary, but that he will undertake that in future a copy of the notice under section 23 shall be published in three alternate issues of the local newspaper.
